Dear Neighbour,

It's been another productive year in Ward 22, with continued progress on safer streets, improved parks, and stronger community spaces. Listening to residents and working closely with City staff has helped move forward projects that make a real difference across our neighbourhoods.

From road safety upgrades to new recreation investments, we are building a more connected and livable community for everyone.

Community events have also brought neighbours together in meaningful ways. I look forward to seeing many of you again this year at our events and information sessions, including the Seniors Information Session and Family BBQ & Movie Nights in the Park. These gatherings have been a great success, and I'm excited for what's ahead.

Thank you for your continued support, and I wish you and your family a safe and enjoyable summer.

亲爱的邻居:

22 区又度过了硕果累累的一年，我们在街道安全、公园设施改善和社区空间建设方面持续取得进展。倾听居民的意见并与市政府工作人员紧密合作，推动了各个项目的顺利开展，这些项目切实改善了我們社区的面貌。

从道路安全升级到新的休闲娱乐设施建设，我们努力为所有人打造一个更加紧密、更加宜居的社区。

社区活动也以有意义的方式将邻里居民聚集在一起。今年我期待在我们的各项活动和信息交流会上再次见到大家，其中包括老年人信息交流会和公园家庭烧烤电影之夜。过往这些活动都非常成功，而且我对未来的活动充满期待。

感谢您一直以来的支持，祝您和您的家人度过一个安全愉快的夏天。

ROAD SAFETY & INFRASTRUCTURE

With an Agincourt resident at Village Green Square's BBQ & Movie Night in the Park | 在 Village Green Square 公园烧烤电影之夜与爱静阁居民合影

Improving road safety continues to be a top priority in Ward 22. Through ongoing advocacy and collaboration with City staff, we are making targeted upgrades that help keep pedestrians, cyclists, and drivers safe across our neighbourhoods.

Road Resurfacing

- Sheppard Ave E from Victoria Park Ave to Kennedy Road was completed in 2025.
- Midland Avenue from Steeles Ave E to Finch Hydro Corridor Trail is scheduled for 2026.

Bike Infrastructure

A Hydro Corridor Trail from Pharmacy Ave to Birchmount Rd is underway and will continue through 2025–2026.

Red Light Cameras from the Automated Enforcement Map

Red light cameras capture an image of a vehicle that enters an intersection in spite of the traffic signal indicating red. There are 31 locations in operation in Ward 22.

Traffic Control Signals

Traffic control signals have been installed at Birchmount Road and Chaldean St, Sheppard Ave East of Allanford Rd, Finch Ave and Baylawn Dr, Huntingwood Dr and Ridgecrest Dr, and Sheppard Ave and Palmdale Dr.

Traffic Calming Speed Humps

Speed humps are designed and placed at intervals along a roadway segment to encourage a consistent 30 km/h travel speed.

- Installations completed in 2025 include: Farmcrest Dr (5 speed humps from Pharmacy Ave to Meadowacres Dr); Lockie Ave (5 speed humps from Midland Ave to Agincourt Dr); Reidmount Ave (10 speed humps from Dowry Street to Kennedy Rd); and Huntsmill Blvd (14 speed humps from Bamburgh Circle (south intersection) to Arnall Ave).
- Installations planned for Summer/Fall 2026 include: Harfleur Rd (5 speed humps from Glendower Circuit to Huntingwood Dr); Corinthian Blvd (10 speed humps from Collingsbrook Blvd/Corinthian Blvd/ Pharmacy Avenue to Corinthian Blvd/Fairglen Ave); and Commons Dr (from Sheppard Ave E to Meadowacres Dr.).

School Crossing Guards

School crossing guards help students cross the street safely and confidently at key intersections. They provide additional visibility and remind drivers and cyclists of the presence of pedestrians as they cross the street.

- Ward 22 is supported by 27 school crossing guards.
- New school crossing guards have been activated at Agincourt Junior Public School, Beverly Glen Junior Public School, Inglewood Heights Junior Public School, and North Bridlewood Junior Public School.

Corner Plantings

Small flowering trees have been added at Birchmount Road and Ivy Bush Ave, Birchmount Road and Steeles Ave, Steeles Ave and Kelvin Grove Ave, and Kennedy Rd and Purcell Sq.

Bicycles on Sidewalks

To help keep everyone safe, only children under 14 may ride bicycles on sidewalks. Adults must use the road or designated bike lanes, and could **face a \$60 fine for riding on sidewalks under City of Toronto bylaws.**

Helmets are required for cyclists under 18, and I encourage everyone to wear a helmet whenever they ride.

Electric Scooters and electric bikes are generally not allowed on sidewalks.

18岁以下的骑车者必须佩戴头盔，我鼓励所有人在骑车时都佩戴头盔。

电动滑板车和电动自行车通常不允许在人行道上行驶。

交通缓行减速带

减速带的设计和设置旨在引导车辆保持 30 公里/小时的稳定行驶速度。

Speeds Signs

In-road flexible speed signs were installed in 2025 on Bridletowne Circle from Finch Ave E to Warden Ave and on Silver Springs Blvd from McNicoll Ave to Perthshire St.

Eight mobile “Watch Your Speed” signs continue to rotate across the ward, providing a digital display of vehicle speed as drivers approach.

Slow Down Signs

Residents can request “Please Slow Down” lawn signs to help remind drivers to reduce speed and be aware in residential neighbourhoods. You can request a sign by contacting my office.

Missing Sidewalks Program

计划于 2026 年开工建设：
Midland Ave米德兰大道和 McNicoll Ave麦克尼科尔大道。

HOUSING & CITY PROJECTS

Key initiatives across Ward 22 continue to support housing, infrastructure, and community growth. These projects reflect ongoing work to improve local services, strengthen neighbourhoods, and plan for the future.

Delta Hotel's Next Phase

I am happy to advise the community that the hotel has been vacated and is now under full construction. There are two construction crews in the guestroom areas, and work is well underway in the banquet hall and event space. Due to the size and scope of the renovation, the building is expected to reopen as a Westin Hotel in mid-2027.

Multi-tenant Housing

The City of Toronto has introduced a new regulatory framework for multi-tenant (rooming) houses to support safer and more stable housing across the city. This framework allows multi-tenant housing city-wide, while strengthening oversight and improving compliance standards.

All operators are now required to obtain a licence, with a focus on maintaining safe living conditions, preserving tenancies, and preventing evictions. The City is taking an education-first approach, working with both tenants and operators to support a smooth transition. Licensing will continue to expand over a three-year period, alongside ongoing outreach and support. You can learn more by visiting

toronto.ca/MultiTenantHouses.

Community BBQ with Mayor Chow, Councillor Paul Ainslie and local residents | 与周市长、Paul Ainslie 市议员一起和当地居民参加社区烧烤活动

第 22 区的各项重点举措持续支持住房、基础设施和社区发展。这些持续努力进行的项目体现在改善本地服务、加强社区建设和规划未来等方面。

Delta 酒店的下一阶段

我很高兴地通知社区，酒店已全部腾空，目前正在全面翻新。客房区域有两个施工队正在施工，宴会厅和活动空间的施工也进展顺利。由于翻新工程规模庞大，预计该建筑将于 2027 年年中以威斯汀 Westin 酒店的身份重新开业。

多租户住房

多伦多市政府推出了一项针对多租户（合租）房屋的新监管框架，旨在支持全市更安全、更稳定的住房。该框架允许在全市范围内运营多租户住房，同时加强监管并提高合规标准。

所有经营者现在都必须取得许可证，重点在于维护安全的居住条件、保障租约的有效性以及防止驱逐。市政府采取以教育为先的策略，与租户和运营商合作，支持平稳过渡。许可证发放将在未来三年内持续扩大，同时还将开展持续的宣传和支持工作。您可以访问 toronto.ca/MultiTenantHouses 了解更多信息。

Potholes

Cold weather makes permanent repairs challenging, so potholes are temporarily patched with cold mix asphalt during the winter. More durable fixes using hot asphalt are completed when temperatures rise.

To report a pothole, submit a service request through the 311 Toronto mobile app, online at toronto.ca/311, or by calling 311.

Resurfacing Driveways

Many people choose to resurface their driveway following the end of winter. If you wish to resurface your driveway, you must obtain a permit from the City of Toronto. Permits are only granted to contractors who are approved and verified by the City of Toronto. To obtain a permit, please contact Transportation Services at 416-396-7505.

Building Permits

Homeowners are responsible for ensuring all construction complies with City regulations. Starting work without the proper permit can lead to costly delays, legal action, or the removal of completed work.

For questions or to apply, contact Toronto Building at 416-397-5330 (Monday to Friday, 8:30 a.m. to 4:30 p.m.) or visit toronto.ca/building-permit.

路面坑洼

寒冷的天气使得修复路面坑洼的永久性变得困难，因此冬季通常会使用冷拌沥青临时修补。待气温回升后，再使用热拌沥青进行更持久的修补。

如需报告路面坑洼，请通过 311 Toronto 手机应用程序、访问 toronto.ca/311 网站或拨打 311 提交服务请求。

车道翻新

许多人在冬季结束后选择翻新车道。如果您也想翻新车道，必须获得多伦多市政府的许可。许可仅颁发给经多伦多市政府批准和认证的承包商。如需获得许可，请联系交通服务部门，电话：416-396-7505。

建筑许可

业主有责任确保所有建筑工程均符合市政府的规定。未经许可擅自开工可能会导致代价高昂的延误、法律诉讼，甚至已完成的工程被拆除。

如有任何疑问或申请，请致电多伦多建筑局 416-397-5330（周一至周五，上午 8:30 至下午 4:30）或访问 toronto.ca/building-permit。

Tree Plantings

Trees continue to play an important role in making our neighbourhoods greener, healthier, and more livable. In 2025, City staff planted 2,693 trees and shrubs across Ward 22, helping to improve air quality, provide shade, and enhance our shared public spaces.

Work will continue to identify new planting opportunities across the ward, supporting the long-term growth of our urban forest and creating a more resilient community for years to come.

New Off-Leash Dog Park

A new off-leash dog park is coming to Metrogate Park at Village Green Square. This is an exciting and long-awaited addition for local pet owners. I will continue working with City staff to advance the project and share updates as it progresses.

Off-Leash Dog Fines

Our parks and sidewalks are shared spaces, and it's important we all do our part to keep them safe and clean.

Dogs must be leashed at all times in public, unless in a designated off-leash area. Violations may result in a **fine of up to \$615**, which includes:
\$500 set fine
\$110 victim surcharge
\$5 administrative fee

We are actively exploring suitable sites for future off-leash areas in our Ward.

植树造林

树木使我们的社区在更绿色、更健康、更宜居方面继续发挥着重要的作用。2025年，市政府工作人员在第22区种植了2693棵树木和灌木，有助于改善空气质量、提供遮荫并提升我们共享的公共空间。

我们将继续努力，在全区范围内寻找新的植树机会，支持城市森林的长期发展，并为未来打造一个更具韧性的社区。

新建无绳遛狗公园

位于Village Green Square的Metrogate Park即将新建一个无绳遛狗公园。这对当地的宠物主人来说是一个令人兴奋且期待已久的设施。我将继续与市政府工作人员合作推进该项目，并随时分享最新进展。

Playing Ping-Pong with Vintage Garden seniors | 与葡萄园长者公寓的长者们一起打乒乓球

无绳遛狗罚款

我们的公园和人行道是共享空间，我们每个人都应该尽自己的一份力，保持它们的安全和清洁。

除指定的无绳遛狗区域外，狗在公共场所必须始终系上牵引绳。违规者可能处以**最高 615 元的罚款**，其中包括：

- 500 元罚款
- 110 元受害者附加费
- 5 元行政费

我们正在积极寻找区内适合未来设立无绳遛狗区的地点。

COMMUNITY WELLBEING

Supporting families and strengthening community connections remains a key priority in Ward 22. Through investments in local programs and spaces, we are helping residents access the services and supports they need to learn, grow, and thrive.

Supporting Students through Nutrition

Student nutrition programs play a vital role in supporting the health and learning of children and youth across Ward 22. During the 2024-2025 school year, these programs supported over 9,000 student participants across 26 locations, helping ensure students have access to nutritious food throughout the school day.

This work continues to grow, with ongoing expansion helping reach more students and school communities across the ward. These programs not only support learning and well-being, but also strengthen connections between schools, families, and the broader community.
